Consolidated financial results (continued)

Estimate of Consolidated Financial Results for FY 2015

For the fiscal year 2015 ending March 31, 2016, MHI is expecting 4,200 billion yen in net sales, 320 billion yen in operating income, 300 billion yen in ordinary income, and 130 billion yen in profit attributable to owners of parent. This estimate is based on the assumption of currency exchange rate of US\$ 1.00 = ¥115 and €1.00 = ¥130 for the portion yet to be fixed.

Please note that this estimate has been projected with currently available information and data. As such, these projections involve risks and uncertainties. For this reason, investors are recommended not to depend solely on these projections for making investment decisions. The actual results, therefore, may diverge broadly with the influence of a variety of outside factors such as economics surrounding MHI, currency movement of the yen to the U.S. dollar and other foreign currencies, and trends of stock markets in Japan. Also, the results projected here should not be construed in any way as being guaranteed by the company.
