JCAB T.C. : No. 190

DATE: September 6, 2016

SUBJECT: Discontinued Support for MU-2B Model

MODELS AFFECTED: A2PC Certified Airplanes

A letter was sent from MHIA on November 26, 2014 to all last registered owners of record of each MU-2B airplanes to explain that manuals and service information would no longer be updated or provided by MHIA. In addition, Service News No. 181 dated March 3, 2016, was sent to all MU-2 owners and operators stating discontinuance of publication support for the MU-2B Model.

Affected S/N's are listed below:

MU-2B (B Model)
S/N 004, 006~035, 037 and 038

There has been no response from any owner, operator or other interested party regarding these announcements and our extensive investigation has failed to identify a single B Model that is in service. Therefore, issuance of this Service News is formal and final notification to any owner/operator of the above listed MU-2 serial numbers that future service information will no longer be prepared for this models as manuals will be frozen at their current revision levels.

If there are any questions or concerns regarding this Service News announcement, please contact MHIA's Aircraft Product Support Division at the following address immediately:
