JCAB T.C. : No.192
FAA T.C. : No.141/30-017

DATE: Apr. 30, 2018

SUBJECT: Maintenance of Propeller Brush Block and Slip Ring

MODELS AFFECTED: All MU-2B Airplanes

For maintenance of Propeller Brush Block and Slip Ring, Mitsubishi Heavy Industries, Ltd. (MHI) recently revised the MU-2 Maintenance Manuals by referring to the original manufacturer's technical document (Goodrich Corporation, a subsidiary of UTC Aerospace Systems). This revision keeps procedures consistent between the MU-2 Maintenance Manuals and the manufacturer's maintenance procedures.

Applicable technical publications are:

- Component Maintenance Manual 30-60-01, Rev or date XX
- Installation Instruction 30-60-02, Rev or date XX
- Installation Instruction 30-60-07, Rev or date XX

These technical publications are available from the manufacturer's web site:

<https://techpubs.goodrich.com/>

(For instructions on accessing Goodrich account, please refer to Instructions on Page 2.)

If you have any questions about the contents of this Service News, please contact Mitsubishi Heavy Industries America, Inc. Engineering Department at (972) 934-5480 ext 207.

Instructions

1. If you do not already have an account with Goodrich, you can request an account with Goodrich from the following website: <https://techpubs.goodrich.com/>. Click "Request an Account" from the left column. This will enable you to have internet access to the list of technical documents you need.
2. For Deicing Systems products you must pick the box next to "Sensors and Integrated Systems - Ohio". You need to include the aircraft that you fly, maintain or operate in the comment area. You should be contacted by a Technical Publications representative soon. .
3. If you already have an account with one of the other Goodrich divisions (such as Landing Gear, Aerostructures, Aircraft Wheels and Brakes, etc...), all you need to do is to request Goodrich to extend their authorizations to access to Technical Publications relating to Deicing Systems products. You should be contacted by a Technical Publications representative soon.

If you experience any problems requesting for an account or with acquiring any document, please contact Goodrich's Technical Publications administrator at customer.portal@goodrich.com or +1 (877) 664 6655.
