FAA T.C. : No. 145/00-029

DATE: November 9, 2018

**SUBJECT:** Mitsubishi MU-2 Technical Publications Distribution - Update

**MODELS AFFECTED:** All MU-2B Airplanes

Since 1998, Mitsubishi Heavy Industries America, Inc. (MHIA) has been distributing Mitsubishi MU-2 Technical Publications in a hard-copy format to MU-2 owners, operators, partners and maintenance facilities. Aircraft Technical Publishers (ATP), under the license agreement with MHIA, has also been distributing the same Technical Publications through various formats (microfiche, DVD, and online). Starting on April 1, 2019, all MU-2 Technical Publications will only be available through ATP's digital distribution service.

All MU-2 owners, operators, partners and maintenance facilities are requested to contact ATP to initiate a subscription service in order to continue receiving the latest MU-2 Technical Publications. This change will allow for a more reliable and expedient method of delivering MU-2 Technical Publications to MU-2 Owners, Operators, partners and maintenance facilities.

The latest Mitsubishi MU-2 Technical Publications List (Doc No. EGR-18202) will continue to be posted online at the MU-2 website ([www.mu-2aircraft.com](http://www.mu-2aircraft.com)). MHIA will send an email notification to all registered MU-2 Members about new and temporary manual revisions and Service Information.
