## ▶ Corporate Aspiration

A global group with the vision to mold an innovative and agile organization that leverages our dedication to technological advancement and engineering excellence in order to deliver solid growth amid constant changes and make a lasting difference in the communities we serve

### MHI Launches New Group Statement and Tagline

In May 2016, the MHI Group unveiled a new Group Statement and tagline, "MOVE THE WORLD FORWARD," which captures the unique value and vision the Company brings to the world today. The statement clarifies the role the Company plays in today's world and the value that it provides to customers globally. As the MHI Group strengthens its communications function at a global level, it aims to deepen understanding of the Group in markets worldwide. Embodying the Group statement in business activities in regions around the world will enable us to realize our corporate aspiration.

The Group statement expresses the contribution that the MHI Group makes to the world by leveraging the full range of our technologies across our unique business portfolio in land, sea, air, and space to solve complex, global-scale challenges we face in the world today, and into the future.

The tagline advocates that we to "Move the world forward" together with our global customers and local communities toward a more sustainable future.

## Reason for Publishing This Report

The MHI Group conducts management based on its firm will to realize its corporate identity statement, "Our Technologies, Your Tomorrow."

To enhance the understanding of our philosophy among shareholders, investors, and a host of other stakeholders, from fiscal 2013 (the fiscal year ended March 31, 2014) we have integrated financial information, including management strategy and operating performance, with non-financial information related to the Group's environmental and social activities into this MHI Report.

### Forward-Looking Statements

Forecasts regarding future performance in these materials are based on judgments made in accordance with information available at the time this presentation was prepared. As such, these projections involve risks and insecurity. For this reason, investors are recommended not to depend solely on these projections for making investment decisions. It is possible that actual results may change significantly from these projections for a number of factors. Such factors include, but are not limited to, economic trends affecting the Company's operating environment, currency movement of the yen value to the U.S. dollar and other foreign currencies, and trends of stock markets in Japan. Also, the results projected here should not be construed in any way as being guaranteed by the Company.
