RELATING TO THE GENERAL MEETING OF SHAREHOLDERS

PROPOSALS AND REFERENTIAL INFORMATION:

Proposal No.1: Appropriation of Surplus

MHI targets a ROE attainment above 10% and an increase in equity capital to ¥2 trillion. During this period, initially our basic policy will be implementing returns to shareholders with a consolidated dividend payout ratio of around 30% while always considering a balance between “investing in future business” and “strengthening of equity capital.”

Based on this policy, taking full account of business results for the term under review and our financial condition, including appropriateness and sufficiency of equity capital, the year-end dividend defined in Article 43 of the Articles of Incorporation was ¥6 per share. Combined with the interim dividend of ¥6 per share paid in December 2016, the total annual dividend will be ¥12 per share, the same as in the previous fiscal year (FY2015).

In addition, MHI will reverse its general reserves in order to ensure agility in capital policy including distribution of dividends to our shareholders based on the basic policy above.

1. Matters concerning year-end dividend

(1) Kind of Dividend Property

Cash

(2) Dividend Allocation and Total Amount of Dividends

Dividend allocation: ¥6 per share of MHI’s common stock

Total amount of dividends: ¥20,183,722,314

(3) Effective Date of Dividend Allocation

June 23, 2017

2. Matters concerning the other appropriation of surplus

(1) Item and amount of surpluses to be reduced

General reserves: ¥410,000,000,000

(2) Item and amount of surplus to be increased

Earned surplus brought forward: ¥410,000,000,000

Proposal No.2: Consolidation of Shares

1. Reason for proposal

To improve market convenience for investors, stock exchanges nationwide are moving to a 100-share trading unit for all common stock issued by listed companies in Japan in accordance with the Action Plan for Consolidating Trading Units. Based on the intent of this initiative, MHI has decided that effective October 1, 2017 it will change the number of shares constituting one unit from 1,000 shares to 100 shares.

MHI will be consolidating its shares on a one for 10 basis in order to maintain the current price per share trading unit and ensure that no changes are made to investor voting right numbers after the transition is made.

2. Ratio of share consolidation

MHI would like to consolidate 10 shares of common stock into one share of common stock. For the shareholders who hold the fractional shares less than one share of common stock which were created as a result of the consolidation of share, such shares will be sold together by MHI, pursuant to the provisions of Article 235 of the Companies Act. The proceeds from the sale will be distributed to the shareholders of the fractional shares in proportion to the numbers of their fractional shares.

3. The date when the consolidation of shares shall take effect

October 1, 2017

4. Total number of issuable shares as of the effective date

600,000,000 shares

By implementing the consolidation of shares, it will be deemed that as of the effective date the Articles of Incorporation is amended with respect to the change of total number of issuable shares, pursuant to Article 182, Paragraph 2 of the Companies Act.

[Reference]

On the condition that this Proposal 2 is approved as proposed, part of MHI's Articles of Incorporation will be amended on October 1, 2017 as follows:

(Underlined portions indicate the proposed changes)

Current Articles of Incorporation	After amendments
(Total Number of Issuable Shares) Article 6 The total number of shares that can be issued by the Company shall be <u>Six billion</u> (6,000,000,000) shares.	(Total Number of Issuable Shares) Article 6 The total number of shares that can be issued by the Company shall be <u>Six hundred million</u> (600,000,000) shares.
(Number of Shares Constituting One Unit) Article 7 The number of shares constituting One Unit of the Company shall be <u>One thousand</u> (1,000) shares.	(Number of Shares Constituting One Unit) Article 7 The number of shares constituting One Unit of the Company shall be <u>One hundred</u> (100) shares.

Proposal No.3: Election of 6 Directors (excluding Directors who are serving as Audit and Supervisory Committee Members)

The terms of the 6 current Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) will expire at the conclusion of this General Meeting of Shareholders. Accordingly, MHI proposes to elect 6 Directors (excluding Directors who are serving as Audit and Supervisory Committee Members).

Candidates for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) are as follows.

No.	Name		Position and Responsibility in MHI	The Number of Attendance at the Board of Directors Meetings (FY2016)	The Number of Years in Office as Director (as of the conclusion of this General Meeting of Shareholders)

Reason for the nomination as a candidate for Director

Mr. Hideaki Omiya is being re-nominated for the position of a Director because he has extensive experience in operations of Aerospace Systems and Air-Conditioning & Refrigeration Systems, and moreover, because he has demonstrated superior management skills by promoting management reform, such as the enhancement of MHI's business operations structure, as President and CEO (Member of the Board) from April 2008 through March 2013. From April 2013, he has been serving as a Chairman of the Board and conducting MHI's management oversight as a Chairman of Meetings of the Board of Directors. Based on this knowledge and track record, MHI judges that he will contribute to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term through participation in MHI's management decision-making, playing a leading role in management oversight.

Important concurrent positions

Professor, Policy Alternatives Research Institute, The University of Tokyo
 Statutory Auditor, Media Kobo, Inc.

Reason for the nomination as a candidate for outside director

Mr. Naoyuki Shinohara is being re-nominated for the position of an outside director because he has wide range of insights related to financial policy gained as a regulator and a global perspective gained as an international institution executive when he served as Vice Minister of Finance for International Affairs and Deputy Managing Director of the International Monetary Fund (IMF), even though he has not been involved in corporate management, except for acting as an outside director or outside statutory auditor. Based on these reasons, MHI judges that he will contribute to the improvement of the soundness and transparency of MHI's management decision-making through providing insightful views and frank assessments to MHI's management as an outside director, thereby contributing to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term.

Special interest between the candidate and MHI

There is no special interest between Mr. Naoyuki Shinohara and MHI.

Matters concerning the independence of outside director

Since Mr. Naoyuki Shinohara meets the "Independence Criteria for Outside Directors" (stated on page 23) provided by MHI, MHI judges him to be independent from its management. Accordingly, MHI has notified the Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan that he is an independent officer. Although MHI has a trading relationship with and donated to The University of Tokyo, where Mr. Naoyuki Shinohara serves as a professor, the amount of trading and donation does not exceed the base amount stipulated in "Independence Criteria for Outside Directors," and therefore MHI judges that it will not affect his independence.

Reason for the nomination as a candidate for outside director

Mr. Ken Kobayashi is being re-nominated for the position of an outside director because he has extensive knowledge and experience as top executive who can perform well in global markets and because of his expertise in various fields, having served as a Member of the Board, President and CEO, and Chairman of the Board of Mitsubishi Corporation. Based on these reasons, MHI judges that he will contribute to the improvement of the soundness and transparency of the MHI's management decision-making through providing insightful views and frank assessments to MHI's management as an outside director, thereby contributing to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term.

Special interest between the candidate and MHI

There is no special interest between Mr. Ken Kobayashi and MHI.

Matters concerning the independence of outside director

Since Mr. Ken Kobayashi meets the "Independence Criteria for Outside Directors" (stated on page 23) provided by MHI, MHI judges him to be independent from its management. Accordingly, MHI has notified the Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan that he is an independent officer. Although MHI has a trading relationship with Mitsubishi Corporation, where Mr. Ken Kobayashi serves as a Chairman of the Board, the amount of trading does not exceed the base amount stipulated in "Independence Criteria for Outside Directors," and therefore MHI judges that it will not affect his independence.

(Notes)

1. Mr. Naoyuki Shinohara and Mr. Ken Kobayashi are the candidates for outside directors as defined in Article 2, Paragraph 3, Item 7 of the Ordinance for Enforcement of the Companies Act.

2. MHI has submitted notifications, specifying Mr. Naoyuki Shinohara and Mr. Ken Kobayashi, as independent officers, to Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan, and should they be elected as Directors (excluding Directors who are serving as Audit and Supervisory Committee Members), MHI will re-submit notifications specifying them as independent officers.
3. MHI has entered into a Liability Limitation Agreement with Mr. Naoyuki Shinohara and Mr. Ken Kobayashi, which provides a limitation on their liabilities to compensate for damages under Article 423, Paragraph 1 of the Companies Act, the amount of which is the higher of ¥10 million or the minimum amount of liability defined in Article 425, Paragraph 1 of the Companies Act. Should Mr. Naoyuki Shinohara and Mr. Ken Kobayashi be elected, MHI is bound to continue the abovementioned Agreement with each of them.
4. It was discovered that a wrongful act had been committed in connection with fuel consumption testing of a vehicle manufactured by Mitsubishi Motors Corporation, where Mr. Ken Kobayashi serves as an outside director. The discovery was made in April 2016, prior to Mr. Ken Kobayashi's becoming an outside director at the company. In September 2016, after Mr. Ken Kobayashi had become an outside director, the Ministry of Land, Infrastructure, Transport and Tourism indicated that it acknowledged wrongdoing in the course of internal testing conducted by Mitsubishi Motors Corporation for the purpose of re-examining vehicle fuel consumption values that had been found to be fraudulently fabricated. Furthermore, citing a violation of the Act Against Unjustifiable Premiums and Misleading Representations in connection with language in documents that included catalogs of Mitsubishi Motors Corporation vehicles that had been involved in the fuel consumption testing, the Consumer Affairs Agency issued an administrative order and surcharge payment order to the company in January 2017. Mr. Ken Kobayashi was aware of neither fact and has, at meetings of the Board of Directors and other opportunities, called for greater attention from the viewpoint of ensuring compliance. Furthermore, since these incidents came to light, he has been committed to thoroughly investigating the facts and taking steps to ensuring similar situations do not happen again.

■ Opinions of the Audit and Supervisory Committee

In regard to the election, remuneration, etc. of the Directors (excluding Directors who are serving as Audit and Supervisory Committee Members), all three outside directors who are serving as Audit and Supervisory Committee Members attended the Nomination and Remuneration Meeting(s) and provided their respective opinions, and the Full-time Audit and Supervisory Committee Members confirmed, such matters as the approach to remuneration structure and the specific computation method of remuneration, as well as the basic framework and approach relating to the Board of Directors and Directors of MHI and the policy for electing the candidates for the Board of Directors and made reports and participated in mutual discussions at the Meeting of the Audit and Supervisory Committee.

Accordingly, the Audit and Supervisory Committee has determined that there are no special matters or opinions that need to be stated at the General Meeting of Shareholders with regard to the election and remuneration, etc. of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) based on the provisions of the Companies Act.

Proposal No.4: Election of 5 Directors who are Serving as Audit and Supervisory Committee Members

The terms of the 5 current Directors who are serving as Audit and Supervisory Committee Members will expire at the conclusion of this General Meeting of Shareholders. Accordingly, MHI proposes to elect 5 Directors who are serving as Audit and Supervisory Committee Members.

Candidates for Directors who will serve as Audit and Supervisory Committee Members are as follows.

In addition, the consent of the Audit and Supervisory Committee has been obtained for this proposal.

Reason for the nomination as a candidate for Director

Mr. Seiji Izumisawa has extensive work experience in research and development, technology management-related work, and other pursuits at MHI, and made considerable contributions to strengthening and developing MHI's technology infrastructure as Senior General Manager of Technology Management Department for five years beginning in April 2008. Since that time, he has served as Director at Mitsubishi Motors Corporation, among other positions and has, since April 2016, promoted technology development strategies and other efforts in accordance with business plans as Senior General Manager of Technology Strategy Office. Moreover, as MHI judges that his participation in managerial decision-making as a person well-versed in technology management at MHI will contribute to ensuring effective audits and ensuring soundness and appropriateness and improving transparency of managerial decision-making, and also help MHI to achieve sustained growth and improvement of its corporate value in the medium- and long-term, MHI nominates Mr. Seiji Izumisawa as a candidate for Director who will serve as an Audit and Supervisory Committee Member.

3. MHI has entered into a Liability Limitation Agreement with Mr. Nobuo Kuroyanagi, Ms. Christina Ahmadjian and Mr. Shinichiro Ito, which provides a limitation on their liabilities to compensate for damages under Article 423, Paragraph 1 of the Companies Act, the amount of which is the higher of ¥10 million or the minimum amount of liability defined in Article 425, Paragraph 1 of the Companies Act. Should Mr. Nobuo Kuroyanagi, Ms. Christina Ahmadjian and Mr. Shinichiro Ito be elected, MHI is bound to continue the abovementioned Agreement with each of them.

Matters for Consideration for Proposals No. 3 and No. 4

■ Policy and Procedures for Nominating Candidates for Directors

As a company that provides the infrastructure that forms the foundation of society, MHI will work toward separating management oversight and execution in order to pursue the realization of supervision with a high degree of soundness and transparency, which includes an external point of view, and to improve the efficiency and flexibility concerning execution of business, which will promote sustained growth and improved corporate value in the medium- and long-term.

To realize this, it will be MHI’s policy to nominate as candidates to be Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) of the individuals from MHI who are active in the core of the MHI’s management, who have extensive experience in executing MHI’s business, and who see things from the perspective of a senior management; and in addition, to invite more than one individual as candidates for the role of outside directors to perform supervision from an objective standpoint while giving consideration to external stakeholders. Furthermore, from the perspective of ensuring effective audits, as Directors who are serving as Audit and Supervisory Committee Members, MHI’s policy is to select individuals who have extensive knowledge and experience in various fields such as corporate management, legal, finance and accounting in a well-balanced manner.

When selecting Director candidates, the President & CEO prepare a proposed list of candidates based on the above policy, and discuss such proposed list with the outside directors at a meeting (or meetings) constituted solely by the outside directors and the President & CEO. The Board of Directors selects the final Director candidates from the proposed candidates resulting from the Nomination and Remuneration Meeting(s).

■ Independence Criteria for Outside Directors

Anyone who meets any of the following criteria, in addition to the independence criteria prescribed by the Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan, shall not be deemed to be independent by MHI.

1. A person who is currently:

- (i) A major shareholder of MHI (i.e., a shareholder who holds 10% or more of voting rights), or any executive (a person who executes operations) of such shareholder;
- (ii) A counterparty with whom MHI transacts in cases when MHI's transaction amount with said counterparty in the last business year exceeded 2% of MHI's annual consolidated gross sales in amount, or any executive of said counterparty;
- (iii) A counterparty that transacts with MHI in cases when said counterparty's transaction amount with MHI in the last business year exceeded 2% of said counterparty's annual consolidated gross sales in amount, or any executive of said counterparty;
- (iv) A financial institution or any large creditor on which MHI is dependent to the extent that it is indispensable for MHI's financing and is not substitutable, or any executive of said financial institution or large creditor;
- (v) A certified public accountant or employee, partner or staff of an audit corporation serving as the financial auditor of MHI (excluding staff serving as an assistant);
- (vi) Any executive of an organization that received a donation or subsidy from MHI exceeding ¥10 million or 30% of said organization's average annual total expenses in the last business year, whichever is higher;
- (vii) An attorney, certified public accountant, certified tax accountant or any other consultant who received ¥10 million or more in the form of money or other financial benefits on average in the past three business years from MHI, other than remuneration as a MHI officer; or
- (viii) Anyone who belongs to a law firm, audit corporation, tax accountant corporation, consulting firm or any other expert advisory firm that received payments accounting for 2% or more of its annual consolidated gross sales on average in the past three business years from MHI (excluding staff serving as an assistant).

2. A person who corresponded to any of the items from (i) to (vi) above at any point in time over the past three years.

3. A person who served as an outside director of MHI for more than 8 years in total.

Proposal No.5: Election of Financial Auditor

In accordance with a decision made by the Audit and Supervisory Committee, MHI proposes to elect KPMG AZSA LLC as financial auditor to replace Ernst & Young ShinNihon LLC, whose term expires at the conclusion of this General Meeting of Shareholders.

1. Reasons for the Audit and Supervisory Committee's nomination of KPMG AZSA LLC as a candidate to replace Ernst & Young ShinNihon LLC

MHI has for many years elected Ernst & Young ShinNihon LLC as its financial auditor, and believes it is necessary to reevaluate and review the organization performing this duty. MHI has therefore examined multiple auditors, including Ernst & Young ShinNihon LLC, in accordance with internal standards for evaluating and electing its financial auditor.

MHI has consequently decided that KPMG AZSA LLC possesses the necessary expertise, independency, and suitability for MHI's financial auditor, as well as a system for centrally auditing the global business operations of MHI Group. Moreover, MHI believes that having a new financial auditor conduct audits using a different perspective and methods will further increase the trustworthiness of MHI's financial information. As such, MHI has nominated KPMG AZSA LLC as candidate for new financial auditor to replace Ernst & Young ShinNihon LLC.

2. Name, main office location and history etc. of the financial auditor candidate

Name, main office location and history etc. of the Financial Auditor candidate is provided below.

92ND ANNUAL GENERAL MEETING OF SHAREHOLDERS**

**BUSINESS REPORT FOR THE 2016 FISCAL YEAR
(April 1, 2016 to March 31, 2017)**

OVERVIEW OF MITSUBISHI HEAVY INDUSTRIES, LTD. (MHI) GROUP

1 REVIEW AND THE RESULTS OF BUSINESS ACTIVITIES

OVERVIEW

The picture of the world economy for the fiscal year under review showed steady growth overall, with oil and other resource costs hitting bottom while the U.S. economy grew. Meanwhile, the backlash against globalism and other factors contributed to increased uncertainty. In Japan, despite a partial recovery of corporate profits and strong growth in capital investment due to a weaker yen in the second half of the fiscal year, uncertainty prevailed with respect to issues such as the U.S. trade policies going forward.

■ Orders, Sales and Profits/Losses

In this operating environment, among the consolidated orders received for MHI Group in the fiscal year under review, MHI Group recorded an increase in orders for Integrated Defense & Space Systems and Machinery, Equipment & Infrastructure while dropping in Energy & Environment and Commercial Aviation & Transportation Systems. As a result, total consolidated orders received by MHI Group decreased 4.7% year on year to ¥4,275.6 billion.

Consolidated net sales were down across all segments except Machinery, Equipment & Infrastructure, dropping 3.3% year on year to ¥3,914.0 billion. Operating profit dropped in all segments except Integrated Defense & Space Systems to ¥150.5 billion, underperforming the ¥158.9 billion from the previous year. Ordinary profit came in at ¥124.2 billion, underperforming ¥148.2 billion from the previous year, a decrease partially attributable to the posting of loss from equity method investments as non-operating expenses.

Additionally, while gain on sales of investment securities and gain on sales of fixed assets as extraordinary gain were posted, loss on cruise ship business reserve were among the losses posted as extraordinary loss. The above factors contributed to profit attributable to owners of parent of ¥87.7 billion, up ¥23.8 billion year on year.

■ MHI Group Initiatives in FY2016

In the fiscal year under review, the second year of the 2015 Medium-Term Business Plan, MHI Group made a number of enterprising efforts to expand its businesses and increase profitability.

In Energy & Environment, MHI Group concluded an agreement for natural-gas-fired GTCC*¹ power generation system equipment for Indonesia's state-owned electricity company, as well as receiving an order for a large-scale polyethylene plant from U.S.-based Exxon Mobil Corporation. It also completed, in the state of Texas, U.S., construction of the world's largest CO² recovery system for an existing coal-fired power plant.

In Commercial Aviation & Transportation Systems, MHI Group made further headway with the Doha Metro project—one of the world's largest fully automated, driverless rail systems—in Qatar, while in the U.S. it began flight tests for the Mitsubishi Regional Jet (MRJ).

In Integrated Defense & Space Systems, MHI Group launched the 27th consecutive H-IIA rocket, raising the rocket family's success rate to 97% and increasing its competitiveness internationally. The first flight of an advanced technology demonstrator prototype X-2 was also conducted for the Ministry of Defense (Japan).

In Machinery, Equipment & Infrastructure, the MHI achieved a healthy increase in sales of turbochargers and launched Mitsubishi Heavy Industries Thermal Systems to grow its thermal solutions business, whose main products include freezers, refrigerators, and high-temperature heat pumps.

Earnings dropped overall, however, due to a confluence of factors. These included a strong yen in the first half of the fiscal year; market stagnation for businesses involving iron and steel-making machinery and energy-related business; a downturn in the commercial aircraft and ship businesses; increased MRJ development costs; and delays in expanding the business size of MHI Group's primary joint ventures. To address these issues, MHI Group has drawn up and begun taking action on new measures.

*1 Gas Turbine Combined Cycle

- **Boosting Profitability**

Commercial aircraft business earnings were down significantly over the previous fiscal year owing primarily to a persistently strong yen and a drop in production volume. As emergency measures to address these issues, MHI Group deployed robotics and AI*² technologies and otherwise revamped its production lines, while also reviewing its supply chain and other issues in addition to promoting measures against low operation over the medium term.

In the commercial ship business, MHI Group took steps to fundamentally reform the structure of the business, such as examining the prospect of spinning off the entire business in order to streamline the organization and speed up decision-making, and facilitating alliances with other companies with the aim of developing technologies and improving productivity.

Moreover, at the three core companies of MHI Group in terms of size and earnings—Mitsubishi Hitachi Power Systems, Ltd., Primetals Technologies, Limited, and Mitsubishi Heavy Industries Forklift, Engine & Turbocharger Holdings, Ltd.—MHI Group made efforts to accelerate PMI*³, which included consolidating organizations, improving production facility efficiency, and streamlining the supply chain.

In order to more quickly and flexibly execute management of its business portfolio, MHI Group also reorganized its previous four business domains, while maintaining the objective of customer- and market-orientation. The new business domains are Power Systems, Industry & Infrastructure, and Aircraft, Defense & Space. The primary initiative of the reorganization is to place the Aircraft, Defense & Space domain under the direct control of the President and CEO for the time being, without appointing a President and CEO for that domain, to focus more on accelerating the rebuilding of the MRJ business, taking profit-making measures for the commercial aircraft business and others.

*2 Artificial Intelligence

*3 Post Merger Integration

- **Founding a Robust Financial Base**

In the fiscal year under review, MHI Group has continued efforts towards good cash flow management and refining its asset management.

With respect to asset management, MHI is continuing its efforts to limit its assets held to its core assets and improve the fluidity of its non-core assets in accordance with the 2015 Medium-Term Business Plan. Rather than simply selling off the assets, efforts are being focused on increasing the added value of assets held through asset rearrangement. In the fiscal year under review, MHI transferred the estate business of Ryoju Facility and Properties Co., Ltd. along with unused MHI assets to a newly-established subsidiary, granting a 70% stake of its subsidiary to the West Japan Railway Company. This move seeks to increase MHI Group asset value by collaborating with a partner who has advantage in the real estate industry and to ensure steady earnings. MHI also transferred ownership of Yokohama Building under a strategy aimed at consolidating and reorganizing its facilities in the Greater Tokyo Area.

These efforts improved the Company's equity ratio and reduced interest-bearing debt, further improving its financial standing.

- **Improving Risk Resilience Capacity**

Reflecting on lessons learned from repeated production process delays and expensive losses involving a large cruise ship construction project, a Business Risk Management Division, which handles cases of high-risk concern, has been established by MHI Group. The Business Risk Management Division, operating under, and reporting directly to, the President and CEO, continued to develop the risk management system to ensure relevant systems and infrastructure are in place, and strengthen efforts to review individual projects before receipt of orders, and otherwise actively prevent and reduce risks.

With respect to a high-risk project involving the construction of a large cruise ship, MHI Group completed to deliver the second ship in April of this year. In March 2017, MHI and Mitsubishi Nuclear Energy Systems, Inc. received an arbitration award agreeing to MHI's position in the U.S. arbitration*⁴. The financial impact of the damages award on company's FY2016 financial results was minimal.

Regarding a boiler construction project in the Republic of South Africa taken on by an MHI's consolidated subsidiary as a part of the integration of the respective thermal power generation system businesses of MHI and Hitachi, Ltd., MHI is still continuing discussions with Hitachi, Ltd. concerning the transfer price in accordance with the procedure prescribed in the contract.

*4 An arbitration filed against MHI and Mitsubishi Nuclear Energy Systems, Inc. (MNES) in October 2013, regarding the contract for the supply of the replacement steam generator for the U.S. San Onofre Nuclear Generating Station alleging claims including breach of contract.

- **Developing a Common Technology Base**

In the fiscal year under review, MHI Group launched the Shared Technology Framework as a consolidation of MHI's technologies as well as R&D, marketing, procurement, and other functions as part of efforts to develop a shared technology platform for MHI Group. An area MHI Group particularly focuses on is an area seeing rapid growth in recent years, IoT*⁵ and AI technologies, where MHI Group is ramping up collaboration with leading companies in Japan and other countries to bolster its technological capabilities.

(2) REVIEW OF BUSINESS SEGMENTS

Energy & Environment

In overseas markets, MHI Group received orders in the U.S. and Mexico for “J-series gas turbines,” which achieve the world’s highest level of thermal efficiency operation. In Indonesia, MHI also received order for facilities for use in ultra-supercritical-pressure thermal power plant. MHI also won orders in Japan for the world’s most advanced integrated coal gasification combined-cycle power plants in Iwaki and Futaba in Fukushima Prefecture. However, consolidated orders received came to ¥1,688.7 billion, underperforming the previous fiscal year because of a decrease of GTCC and chemical plant that MHI Group received orders for in large-scale overseas projects, and other factors.

Consolidated net sales were ¥1,470.4 billion, underperforming the previous fiscal year for reasons due to a drop in sales for thermal power generation systems and other factors. Operating income saw a year on year drop to ¥110.5 billion, partially attributable to the impact of a stronger yen and other factors.

Main Businesses
Thermal power generation systems (GTCC ^{*1} , conventional ^{*2}), nuclear energy systems (light water reactors/nuclear fuel cycle & advanced solutions), chemical plants, environmental plants, marine machinery & engines, wind power generation systems
*1 Gas Turbine Combined Cycle
*2 Conventional (Boiler & Turbine) Power Plants

Commercial Aviation & Transportation Systems

In transportation systems, MHI received an order for fully automated, driverless cars for the New Transit Yurikamome and signed a new contract to provide 20 MRJs (Mitsubishi Regional Jets), which are currently under development. This brings the total number of ordered MRJs to 427. However, consolidated orders received dropped year on year to ¥415.1 billion as a result of fewer orders in the commercial ship and land transportation systems businesses, with the former receiving less orders than last year’s growth in orders for LNG and LPG vessels in association with the shale gas revolution in the U.S. and the latter receiving less orders than last year’s many contracts received for large-scale projects.

Consolidated net sales came to ¥515.3 billion, a year on year decrease that owes due to a drop in sales for commercial airplane and other factors, despite growth in transportation system orders. MHI Group saw an operating loss of ¥51.9 billion due to factors that include a drop in sales for commercial airplane, increased MRJ development expenses, and the effect of a stronger yen.

Main Businesses
Shipbuilding, land transportation systems, commercial airplanes, commercial aircraft engines

Integrated Defense & Space Systems

In the space-related business, MHI Group received an order for service to launch the successor satellite to the Michibiki, the first quasi-zenith satellite, via an H-IIA rocket. MHI Group also received an order to provide H-IIB rocket launch services for an H-II Transfer Vehicle. Combining the aforementioned orders with an order for patriot advanced capability surface-to-air missiles “PAC-3MSE” in the defense-related business, consolidated net sales for Integrated Defense & Space Systems increased year on year to ¥702.1 billion.

Consolidated net sales were down year on year to ¥470.6 billion due mainly to decreased sales of missile systems, despite an uptick in space-related business owing to an increase of the number of H-IIA/B rockets launches from three in previous fiscal year to four in the fiscal year. Operating income rose to ¥27.9 billion on account of increased space-related business sales, among other factors.

Main Businesses
Naval ships, defense aircraft, missile systems, maritime systems (torpedoes), space systems, special vehicles (tanks)

Machinery, Equipment & Infrastructure

Consolidated orders received rose year on year to ¥1,464.3 billion. Contributing factors included increased business for forklift trucks and logistics equipment because UniCarriers Holdings Corporation joined MHI Group at the end of the previous fiscal year, and greater sales of turbochargers following strengthened fuel efficiency requirements for automobiles.

Consolidated net sales remained flat at ¥1,438.0 billion. This was, despite an increase in sales for forklift trucks and logistics equipment and turbochargers, the result of decreased sales of metals machinery and compressors affected by downturn in business investment. Operating income was down year on year to ¥72.5 billion due to decreased compressor sales and other factors.

Main Businesses
Metals machinery, compressors and mechanical turbines, waste to energy systems, paper converting machinery, mechatronics systems, ITS*, forklift trucks and logistics equipment, engines, turbochargers, air-conditioning & refrigeration-systems, car air-conditioning & refrigeration systems, machine tools
* Intelligent Transport Systems

Others

The total value of consolidated orders received, consolidated net sales, and operating income decreased from FY2015 to ¥160.4 billion, ¥175.9 billion, and ¥10.7 billion, respectively.

Main Businesses
Construction, real estate, information services, etc.

2 KEY ISSUES FOR MHI GROUP

While making progress in expanding its businesses and achieving steady earnings while strengthening its financial base under the 2015 Medium-Term Business Plan, MHI Group faced considerable challenges in the form of cost deterioration for LNG vessels, delays in expanding the scale of business and PMI delays at Mitsubishi Hitachi Power Systems, Ltd., higher costs and prolongation of MRJ development, and lower production volume of commercial aircrafts.

In order to overcome these challenges and continue achieving sustainable growth, MHI Group will further enhance the measures already being implemented and boost its competitiveness in individual businesses. In addition, as a preliminary measure in preparation of the Next Medium-Term Business Plan, MHI Group will further reinforce efforts to optimize global/local management, bring innovation to production departments, further strengthen asset management, and carry out long-term growth strategies.

- Boosting Competitiveness in Individual Businesses

Mitsubishi Hitachi Power Systems, Ltd., Primetals Technologies Ltd., and Mitsubishi Heavy Industries Forklift, Engine & Turbocharger Holdings, Ltd. will further accelerate PMI. In particular, expansion in the scale of business is failing to keep pace with total net assets at Mitsubishi Hitachi Power Systems, Ltd (MHPS). Therefore, Mitsubishi Hitachi Power Systems, Ltd. will be striving to reduce both fixed and variable costs while promoting a reorganization of business structure and manufacturing sites to facilitate adequate revenue even at the past level of sales. Moreover, a downturn in demand for the establishment of new Gas Turbine Combined Cycle (GTCC) Power Plants is anticipated in the near term, and Mitsubishi Hitachi Power Systems, Ltd. will counter this by working to strengthen the service business utilizing IoT and AI.

In the commercial aircraft business, MHI Group will be innovating and increasing employees' skills in production departments while conducting versatility training to more effectively utilize human resources.

In the commercial ship business, MHI Group will further strengthen its engineering capabilities as one of the Group's greatest strengths, while continuing to upgrade its business structure, which includes bolstering alliances with other companies.

In addition to these measures, MHI Group will also advance further the selection and concentration of MHI Group's businesses based on the strategic business evaluations system, through which MHI Group has already been making important achievements.

- Optimizing Global/Local Management

As the business of MHI Group expands across the global stage, MHI Group must simultaneously make improvements to its global management structure to make the most of effective use of group-wide resources and its local management structure, which focuses on the regional level. Consequently, MHI must improve overall Group efficiency by further standardizing and outsourcing corporate operations, while at the same time improving local management overseas by making even more effective use of local staff with the aim of strengthening marketing capabilities and applying managerial styles suited to local characteristics.

To achieve this, MHI will put current functions of the Shinagawa head office under either the global management or local management frameworks and work to optimize each. This transition is scheduled to be completed around the end of 2018, and MHI will be undertaking a range of efforts that include rolling out a Global Policy that will govern all Group companies around the world.

- Bringing Innovation to Production Departments

To keep pace with the rapid pace of technological progress in areas such as IoT, AI, and robotics which is leading the change of industrial structure and is bringing about qualitative change in factory work, MHI Group will strive for reform in production processes and systems through research and introduction of state-of-the-art technologies.

In addition, factors such as domestic market maturation and the expanding overseas production are contributing to a decline in traditional domestic work and, on the other hand, an increase in overseas work such as plant management and technical guidance. In order to develop the human resources who can accommodate these reforms to production processes and systems, MHI Group will also be promoting an upgrade and diversification in competencies and skills and changing of careers through education and training by specialized organizations. Through the above initiatives, MHI aims to bring innovation to production departments.

- Further Strengthening Asset Management

Rather than securing temporary cash through the sale of land and buildings, MHI Group asset management has, as a means of realizing the latent value contained in our balance sheet, focused on rearranging assets in order to give our assets and businesses greater added value. MHI Group will deepen it further in the future as we also consider methods for the centralized management of MHI Groups assets as a whole, while at the same time seeking to maximize the value of and get the optimal return from MHI Group's tangible and intangible assets.

- Long-Term Growth Strategy Efforts

In order to consider MHI Group's long-term growth strategy, the exceedingly rapidly changing global market requires the active incorporation of the latest knowledge available, even if it is outside the Group. To promote this without sticking to initiatives within the group, we plan to establish the Innovation Promotion Institute (name pending). At this institute, we will adopt an unprecedented innovative approach to include promoting the appointment of external researchers and the granting of significant discretion to the researchers. Individual researchers will carry out research in Japan and overseas with a high degree of freedom, and the results of this research will be applied to MHI Group's basic technologies and product development.

In addition, MHI Group will work to achieve "global management focusing on Japanese

organizational harmony through the Mitsubishi Heavy Industries Group” through the next Medium-Term Business Plan by creating business out of state-of-the-art technologies and practicing groundbreaking business management. This will require formulating MHI Group’s medium- to long-term business strategies and the systems to quickly achieve its ends, and steadily implementing those measures to realize the goals.

At the same time as these efforts, MHI Group will position compliance and CSR (corporate social responsibility) as key issues for management and will work to further improve corporate value while contributing to sustainable social development. We ask our shareholders for their continued understanding and support in these endeavors.

2. The amounts of remuneration in the performance-linked remuneration column in the table above are the estimated amounts.
3. The maximum permitted monetary remuneration amounts are ¥1,200 million (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members).
4. The total amount of stock remuneration shown in the table above is the amount of expenses recognized for the 228,000 Stock Award Points granted in total during FY2016 (equivalent to 228,000 shares of MHI) concerning the Board Incentive Plan Trust, which is a stock remuneration system that delivers or provides shares of MHI and money in the amount equivalent to liquidation value of shares of MHI based on Stock Award Points granted to Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors) in accordance with, among other factors, the rank of the position of each Director and the financial results of MHI. The maximum permitted amounts of Stock Award Points are 500,000 points (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors).
5. The maximum permitted monetary remuneration amounts are ¥300 million (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors who are serving as Audit and Supervisory Committee Members.

(2) POLICY FOR DETERMINING THE AMOUNT OF REMUNERATION, ETC. OR ITS CALCULATION METHOD AND THE METHOD OF DETERMINING SUCH POLICY (AFTER THE SHIFT TO A COMPANY WITH AUDIT AND SUPERVISORY COMMITTEE)

1) Directors (excluding Directors who are serving as Audit and Supervisory Committee Members)
The policy for determining the amount of remuneration, etc. or its calculation method for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) has been determined by the Board of Directors.

- Remuneration of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors) consists of basic remuneration, performance-linked remuneration, and stock remuneration from the perspective of reflecting financial results and sharing common value with shareholders.

Basic Remuneration	Reasonable amount shall be determined in consideration of each Director's roles and duties.
Performance-linked Remuneration	Reasonable amount shall be determined based on consolidated earnings for the fiscal year under review, while also taking into account the roles of each Director and the earnings and accomplishments, etc. of the business that he/she is in charge of.
Stock Remuneration	Shares of MHI and money shall be delivered or provided based on Stock Award Points granted in accordance with, among other factors, the rank of the position of each Director and financial results of MHI using the system of Board Incentive Plan Trust to further raise the motivation of Directors to contribute to the medium- to long-term improvement of financial results and enhancement of the corporate value of the entire MHI Group.

- Outside directors are expected to provide objective opinions and suggestions from an external standpoint. In view of that role, they will be provided with basic remuneration (fixed remuneration commensurate with their duties) only.
- The amount of remuneration shall be set at appropriate levels consideration also of the situation in other companies and other factors.

For the purpose of further enhancing the transparency and fairness concerning the determination of remuneration, etc. of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members), MHI holds the Nomination and Remuneration Meeting(s) consisting solely of the outside directors and President and CEO. During FY2016, MHI held two Nomination and Remuneration Meetings, in which President and CEO explained the policy stated above to outside directors and received opinions and advice from them.

2) Directors who are serving as Audit and Supervisory Committee Members

The policy for determining the amount of remuneration, etc. or its calculation method for Directors who are serving as Audit andwSupervisory Committee Members has been determined through discussion among Directors who are serving as Audit and Supervisory Committee Members.

Remuneration of Directors who are serving as Audit and Supervisory Committee Members shall consist only of basic remuneration. The amount of remuneration shall be fixed at levels that are commensurate with their roles and duties determined separately for full-time and non-full-time categories. However, the amount of remuneration of Full-time Audit and Supervisory Committee Member may be reduced in consideration of the business conditions of MHI and other factors.

FINANCIAL AUDITOR

1 NAME OF FINANCIAL AUDITOR

Ernst & Young ShinNihon LLC

2 REMUNERATION PAID TO FINANCIAL AUDITORS AND REASONS FOR AGREEMENT BY THE AUDIT AND SUPERVISORY COMMITTEE CONCERNING THE AMOUNT OF REMUNERATION, ETC. TO BE PAID TO FINANCIAL AUDITOR

(Millions of Yen)

Amount of Remuneration Paid to Financial Auditor	237
--	-----

(Note)

In the audit contract between MHI and its financial auditor, remuneration paid for audits under the Companies Act and audits under the Financial Instruments and Exchange Act are not clearly distinguished and cannot be practically separated. Therefore, the amount of payment for both is shown above.

The Audit and Supervisory Committee confirmed the policy and content of the audit plan, the basis for calculation of estimates, etc., which constitute the basis for remuneration of the Financial Auditor, and verified them by receiving necessary reports on them from internal departments concerned. As a result, the Audit and Supervisory Committee determined that they were appropriate for the financial auditor to conduct financial audit of MHI and agreed to the amount of remuneration, etc. of the Financial Auditor.

3 SUM OF THE AMOUNT OF MONEY AND OTHER MATERIAL ADVANTAGE TO BE PAID BY MHI AND ITS SUBSIDIARIES

(Netherlands).

4 CONTENTS OF WORKS OTHER THAN AUDITING

MHI has requested the financial auditor to provide advisory works, including consultations on the application of International Financial Reporting Standards, and has paid Financial Auditor remuneration for such works as duties other than auditing.

5 POLICY ON TERMINATING OR NOT REAPPOINTING THE FINANCIAL AUDITORS

If there are circumstances which give rise to reasonable expectations that the auditing of financial statements will suffer great interference due to an event such as the financial auditor come under any of the provisions set forth in each Item of Article 340, Paragraph 1 of the Companies Act, the financial auditor shall be dismissed by unanimous consent of the Audit and Supervisory Committee Members.

In addition, if the Audit and Supervisory Committee has determined that the system for the execution of duties, audit capability, expertise, etc. of the financial auditor is insufficient for MHI or that MHI can put in place an audit system that is more appropriate for MHI by replacing the financial auditor, the Audit and Supervisory Committee will submit a proposal not to re-elect the financial auditor to the General Meeting of Shareholders.

AUDIT REPORTS

Report of Accounting Auditors on the Consolidated Financial Statements Independent Auditor's Report

May 18, 2017

Mr. Shunichi Miyanaga
President
Mitsubishi Heavy Industries, Ltd.

Ernst & Young ShinNihon LLC

Designated and Engagement Partner
Certified Public Accountant : Koichiro Watanabe

Designated and Engagement Partner
Certified Public Accountant : Hirotaka Mizutani

Designated and Engagement Partner
Certified Public Accountant : Katsutoshi Okura

Pursuant to Article 444, Section 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Mitsubishi Heavy Industries, Ltd. (the "Company") applicable to the 2016 fiscal year from April 1, 2016 through March 31, 2017.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. The purpose of an audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Mitsubishi Heavy Industries Group, which consisted of the Company and consolidated subsidiaries, applicable to the 2016 fiscal year ended March 31, 2017 in conformity with accounting principles generally accepted in Japan.

Emphasis of Matter

1. We draw attention to Note 4 "Contingent liabilities relating to change in MRJ delivery timing" in Notes to the Consolidated Balance Sheet, which describes, going forward, it is possible that additional liabilities will arise depending on the results of consultations with customers on the timing for the delivery of MRJ and other factors, and this could impact the future financial position and operating results.

2. We draw attention to Note 5 “Indemnification asset for South African Project” in Notes to the Consolidated Balance Sheet, which describes, Mitsubishi Heavy Industries, Ltd. (“MHI”) demanded that Hitachi, Ltd. (“Hitachi”) pay the price adjustment and other payments regarding the boiler construction projects in the Republic of South Africa.

Meanwhile, MHI and Hitachi have still not completed the price adjustment for the South African Asset Transfer at the moment.

Our opinion is not affected by the matters described above .

Pursuant to Article 436, Section 2, Paragraph 1 of the Companies Act, we have audited the accompanying financial statements, which comprise the balance sheet, the statement of operations, the statement of changes in net assets, the notes to the financial statements and the related supplementary schedules of Mitsubishi Heavy Industries, Ltd. (the "Company") applicable to the 2016 fiscal year from April 1, 2016 through March 31, 2017.

Management's Responsibility for the Financial Statements and the Related Supplementary Schedules

Management is responsible for the preparation and fair presentation of these financial statements and the related supplementary schedules in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the financial statements and the related supplementary schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and the related supplementary schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the related supplementary schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the related supplementary schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements and the related supplementary schedules, whether due to fraud or error. The purpose of an audit of the financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements and the related supplementary schedules in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the related supplementary schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements and the related supplementary schedules referred to above present fairly, in all material respects, the financial position and results of operations of Mitsubishi Heavy Industries, Ltd. applicable to the 2016 fiscal year ended March 31, 2017 in conformity with accounting principles generally accepted in Japan.

Emphasis of Matter

1. We draw attention to Note 3 "Contingent liabilities relating to change in MRJ delivery timing" in Notes to the Balance Sheet, which describes, going forward, it is possible that additional liabilities will arise depending on the results of consultations with customers on the timing for the delivery of MRJ and other factors, and this could impact the future financial position and operating results.
2. We draw attention to Note 5 "Others" in Notes to the Balance Sheet, which describes, Mitsubishi Heavy Industries, Ltd. ("MHI") demanded that Hitachi, Ltd. ("Hitachi") pay the price adjustment and other payments

regarding the boiler construction projects in the Republic of South Africa.
Meanwhile, MHI and Hitachi have still not completed the price adjustment for the South African Asset Transfer at the moment.
Our opinion is not affected by the matters described above.

Conflicts of Interest

AUDIT REPORT

The Audit and Supervisory Committee of the Company has audited the Directors' execution of their duties during the 2016 fiscal year, from April 1, 2016, to March 31, 2017. The Committee hereby reports the methods and results of the audit as follows:

1. Methods of the Audit and Details Thereof

- (1) The Audit and Supervisory Committee received reports regularly from Directors, employees, etc. on the resolutions of the Board of Directors concerning the matters listed in Article 399-13, Paragraph 1, Items (i)(b) and (i)(c) of the Companies Act as well as the development and operation status of the system that has been put in place based on said resolutions (internal control system), requested explanation as necessary and expressed its opinion. The Committee also received reports from Directors, etc. and Ernst & Young ShinNihon LLC on the status of the evaluation and audit of internal controls over financial reporting under the Financial Instruments and Exchange Act and requested explanation as necessary.
- (2) In accordance with the audit policy, audit plan, etc., established by the Audit and Supervisory Committee, the Committee, in coordination with the internal auditing department and other departments concerned, attended important meetings, received reports from Directors, employees, etc. on the status of their execution of duties, requested explanation as necessary, inspected important documents, etc., and conducted investigations regarding the status of the business operations and properties of the Company at Head Office and Works, etc. Regarding the Company's subsidiaries, the Audit and Supervisory Committee sought to facilitate communication and exchange information with directors, statutory auditors and others of the Company's subsidiaries and, when necessary, received reports from these subsidiaries on the status of their businesses.
- (3) The Audit and Supervisory Committee monitored and examined whether the financial auditor maintained its independence and carried out its audits in an appropriate manner, received reports from the financial auditor on the status of the execution of its duties and, when necessary, attended its audits and requested explanations.
- (4) The Audit and Supervisory Committee received a notification from the financial auditor that it is taking steps to improve the "system for ensuring appropriate execution of duties" (matters specified in the items under Article 131 of the Company Accounting Ordinance) in accordance with the "Quality Control Standards Relating to Auditing" (Business Accounting Council) and other standards, and requested explanations when necessary.

Based on the foregoing methods, the Audit and Supervisory Committee examined the Business Report and the related supplementary schedules for the 2016 fiscal year under review, non-consolidated financial statements for the same fiscal year (non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement of changes in net assets, and notes to the non-consolidated financial statements) and the related supplementary schedules as well as consolidated financial statements for the same fiscal year (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets, and notes to the consolidated financial statements).

2. Results of audit:

- (1) Result of audit of the Business Report, etc.

In our opinion:

- a. the Business Report and the related supplementary schedules fairly represent the conditions of the Company in accordance with the applicable laws and ordinances and with the Company's Articles of Incorporation;
- b. with respect to the Directors' execution of their duties, there are no fraudulent acts or material facts of violation of applicable laws and ordinances or of the Company's Articles of Incorporation; and
- c. the contents of the resolutions of the Board of Directors regarding internal control systems are appropriate. Furthermore, there are no matters that we should point out regarding the contents of the Business Report and Directors' execution of their duties related to internal control systems, including internal control systems over financial reporting.

(2) Result of audit of the non-consolidated financial statements and the related supplementary schedules

In our opinion, the methods and results of the audit conducted by the financial auditor, Ernst & Young ShinNihon LLC, are appropriate.

(3) Result of audit of the consolidated financial statements

In our opinion, the methods and results of the audit conducted by the financial auditor, Ernst & Young ShinNihon LLC, are appropriate.
